Dear host families, dear Margaret, dear Keith,

we've all gone back to normal everyday schoollife now, yet we'll never forget the great time we had in Southampton. All of us, the girls and boys, as well as we teachers thoroughly enjoyed our stay with you.

Your kindness and generous hospitality made even the shyest of our students feel welcome in your homes. And though they may not always have been able to express their feelings they very much appreciated the way you took care of them. Your ears must have tingled when on coming back home they told their families about you. On behalf of the students and their parents we would like to thank you most heartily for all the trouble you've taken for your guests and for the kindness you've shown to them.

But as much as our thanks are due to you, the host families, they are due to Keith Smith and last but not least to Margaret Carter and her husband. You've done a wonderful job in finding such nice families among the Friends of the Southampton Youth Orchestra to receive our students and you've helped us in all possible respects to make our visit a success by preparing our outings, by giving us such a lot of valuable advice and by just letting us feel that we could always fall back on you if there should be any need.

The pleasant social evening with its excellent food, enjoyable music and the amusing conjuror was just another proof of the generosity and consideration we want to thank you for.

We on our part at least hope that the relationship between the Southampton Youth Orchestra and the Wilhelm-Löhe-Schule in Nürnberg will continue.

Thanks again to all of you.

Best wishes

BAVARIA

We've asked our students to write down some of their impressions, which they most willingly did. Here's a choice of them for you to enjoy.

Thank you very much for the great time in England. I really enjoyed it. It was good for my English, and I've seen a lot of very nice sights. And we had a lot of fun.

Christian

I always will remember my journey and stay in a land, where nearly everybody plays golf - and needs caddies. I hope I was a good caddie for you and I also hope that Andrew has already bought a new golf-club-cover.

Wania

Most of all I enjoyed the day in Beaulieu. I liked the cars very much, and also the rest of the area there. Our trip to London was very interesting, too, although one day is really not enough for this great city.

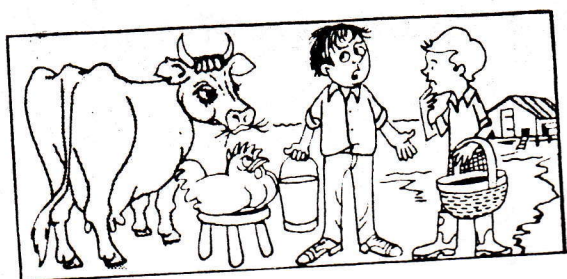

Ulrich

The thing I liked best was the trip with my family to London.

I also enjoyed the walk through the New Forest with the ponies.

Sabine (Elbert)

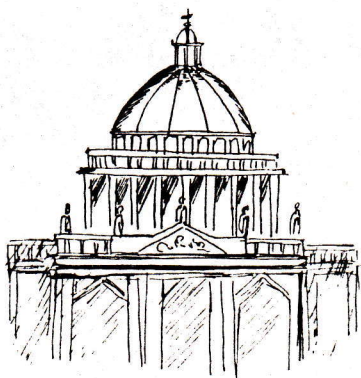

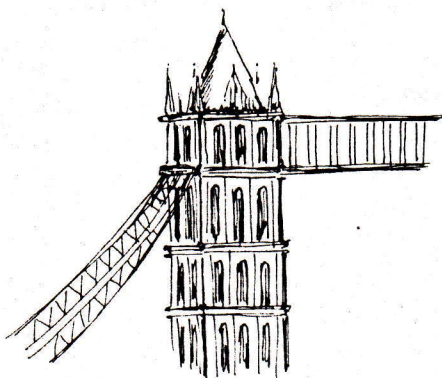

Thank you for the nice meals ...

Thank you for taking me to Harrods although I really enjoyed living in the Country with you.

Susanne

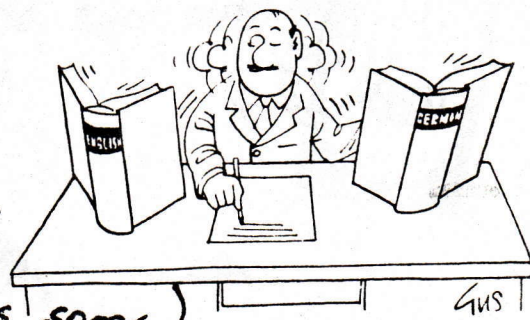

First of all I want to thank you for the lovely time, which I was allowed to pass at your house. Also, it was very interesting to hear and see so much about the English culture.

Matthias

I really like to tell you that
I enjoyed my stay with you.
Remember to try the 24 different
roles* when you come to visit me.

The time in England was so wonderful
that I can't say what I enjoyed most,
and it was so funny that I'm sure I don't
forget my holiday in Southampton with
"my" family

Nora Metzler

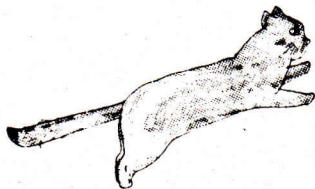

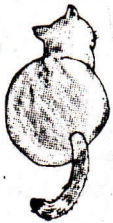

The most interesting new experience in
sports was playing "pitch + putt" for the
first time.

Kilo Nessmann

I had much fun with a very nice family.
At first I was a bit afraid of the dog, but in
the end it was better. The two cats were very
nice; I was astonished that they were
sometimes on the carrounet.
I enjoyed the sailing, it was windy and the
boat lay always on one side.

Thank you very much
for the holidays in
Southampton.

It was a very nice time
with you.

Steffi and 
Simone 

We had a bedroom for our own and we could eat as many chocolate bars and physik drinks as we liked to. We felt like being at home. It was funny when the whole family sat in the dining-room and the little büschy eats jumped all around us. On the chair, under the table, and so on. While Sappy had to wait in front of the door.

Christel and Birgit 
I did wear my Union-Jack socks
at first school day!

I enjoyed the two weeks in Southampton, because everything was very well organized and the journeys to other towns were very nice. For the first time I made acquaintance with dogs! Also the family I stayed with was very friendly.

Markus

most amusing thing was to sit together
with our family in the sitting-room and to
discuss several, funny problems. In the end we
couldn't do anything else but laugh.

We enjoyed these evenings very much
indeed.

The social evening was very interesting
and everybody was very smart.

Thank you very much for
this wonderful time!

Simone

Thank you for the best holiday of my
life. I enjoyed all the sport activities
with you very much, but I'm sorry
I'm not practising any more because
of school.

Yours Michael

The family was very nice.

They always drove me into Southampton and
dropt me again.

Playing table-tennis was all the time very
funny.

Christina

My heart will always beat for rainy
old England, where people have
sunshine in their hearts

Claudio Großner

Thank you all so much for giving me a great time
in England, I enjoyed this journey more than I ever
supposed and met some of the nicest people I've ever
spoken to. And we also had a lot of fun !!!

In spite of initial problems, for example
eating potatoes with or without the skin,
and losing kicra on the market-place,
it was a wonderful time in England. I
liked the trips with our group and of
course with my hosts, too.

Vnani

The frequent use of the words "please", "thank you"
and especially "sorry" astonished me several times.
"I'm sorry because it's raining" ...
