Dear Mr Smith

I was the fortunate recipient of two tickets from Mrs Carol Bache for the Classical Gas Concert given by Southampton Youth Orchestra on Friday, 3 February.

I want to express to you how much my wife and I enjoyed a truly wonderful performance. As Budget Rapporteur of the Culture Committee of the European Parliament it is very gratifying to know the level of musical attainment by young people in my home patch of Hampshire.

Please pass on my congratulations to all the young people concerned and keep me informed of your future activities, especially any that have a European dimension.

Yours sincerely

ROY PERRY
